

# WOOD DOOR

Cozy and traditional feel

Wide range, can be pricey  
Maintenance costs add up

Naturally insulative and offers  
good energy efficiency

Visually appealing but easier  
to break through

Requires regular maintenance

Can be susceptible to damage

Good insulation, effectiveness  
varies with maintenance

# STEEL DOOR

Sleek and modern vibe

Initially expensive but budget-  
friendly long-term

Higher efficiency with proper  
installation

More secure, resistant to  
break-ins

Low maintenance

Highly durable

Insulated core helps reduce  
energy costs
